Judge Fortker, the Republican candidate of Governor in Obio, made his formal opening speech in Portsmouth Tuesday In regard to the Southern question, he maintained that all the Republican party distres is that the colored man be allowed to vote and that his vote he counted as it is in the North | This is essential to absolute friendship between the two sections. He dwelt at length upon the Mullen out-rage in Cincinnati and declared that the colored men whom he arrested before election day were known by him to be residents of the city. The present business prostration he claimed to be due to the action of the last Democratic House, which declared, as soon as elected, in favor of extensive tariff reductions. He took atrong grounds in favor of protection, showing by illustrations that the result of protection has been to improve and at the same time chespen manufactured goods, Turning to State lasues, he charged the present Democratic Admistration with extravagance, lucressing the annual expenditure | \$000,000.
